BURNED LUCANIA
WAS RAISED TO-DAY

Her Machinery Not Damaged and the Hull is Still Sound So That the Vessel Can Be Repaired.

Liverpool, Aug. 16.—The Cunard steamship Lucania, which was partially burned at her dock here yesterday, was raised yesterday and will be towed to Glasgow for repairs. The fire brigade of the vessel with two powerful motor engines turned out immediately at the first alarm and found the first saloon burning furiously from end to end. Despite all efforts the flames gradually worked forward until they reached the steering gear, consumed all the woodwork there and then played havoc with the forehold.

At this time the heat was tremendous and the flames shooting high from the vessel, attracted thousands of persons to the side of the river where they remained throughout the night. At three o'clock Sunday morning it was decided to flood the vessel by admitting water into her from the dock. Soon she heeled over and her funnels came in contact with the cranes on the dock and were badly damaged. Half dozen flames were on the water, but all were rescued. A fleet of tugs was then brought into regulation, and pulled the liner upright and held her until she settled firmly.

It was ten o'clock Sunday morning before the fire was under control and noon before the first brigade was able to relinquish their task. The second class quarters and the whole after part of the boat, including the engine room, escaped injury from the flames and comparatively little damage was done to the exterior of the vessel. Her upper part is considerably above water. The first saloon skylights were destroyed and the decks forward are badly buckled. Some of the plates of the hull are warped by the heat. The repairs to the Lucania will occupy considerable time. Divers who examined the Lucania yesterday found that her machinery had not been damaged and that her hull still was sound.

NEARLY CAPTURED
GOVERNOR DRAPER

Red Scouts Surrounded Massachusetts Executive To-day, but Gallant Aides Furnished a Horse for Draper to Scoot off.

Boston, Aug. 16.—The capture of fifty Red scouts at Rock and the near-capture of Governor Draper and Adjutant-General Brigham in Middleboro were the principal features of the war game today. Draper and Brigham were surrounded by Red scouts when aides arrived and furnished horses on which both fled.

Both armies have changed front. The Blues extend from Tipton to Waterbury with the Reds massed on Peck's right on the New Bedford turnpike ten miles below Middleboro. The transports Sumner and McNeill have been sighted off Plymouth. It is believed they intend landing an attack party on the coast in an attempt to call off a part of the Blue forces, thus giving the Reds an opportunity to make a dash on Boston. Various captures of small bodies by both armies were made over the whole country between Middleboro and Bridgewater and skirmishes are frequent.

It was decided today by General Wood, the umpire, that the rules of fighting starting at five in the morning and ending at one in the afternoon be hereafter observed.

COBURN SHOWS UP
VERY MUCH IN THE FLESH

Montpelier Man Who Tried Suicide in Vain and Then Was Reported Dead in Portland, Me.—Now Behind the Bars.

After recovering from an attempted suicide by shooting himself while residing in Montpelier and after being reported dead in Portland, Me., Leon Coburn showed up again in Montpelier Saturday night, when he was brought there from Northfield to serve a sentence of twenty days for drunkenness. There is a warrant alleging forgery, which will be served on Coburn when he finishes his intoxication sentence.

Coburn is extremely reticent about himself and when seen to-day refused to say anything about his various escapades except to remark that he hadn't been in the land of the dead, but rather in the state of Massachusetts. The Montpelier officers thought they had traced him to Cabot, but he denies the allegation.

They searched for him after he is said to have tried to secure money from his boarding mistress, Mrs. Anna Huntton of 2 Court street, Montpelier. When she refused him, Coburn said he would shoot himself. Going into his room, he took a revolver from a drawer and after flourishing it around shot. The bullet took effect in his right shoulder. A doctor was called and after a week's nursing he was pronounced out of danger. It is claimed that it was then that he forged the check on Mrs. Anna Huntton for \$25.

Having obtained the money, he disappeared and nothing was heard of him again until a postal received by local parties from Portland, Me., stated that he had died from the effects of his wound and that the body would be sent to Montpelier for interment.

Dr. C. E. Chandler was at once summoned and found Mr. Desaulnier in a semi-conscious state, that is he could understand what was said to him but could not answer. It was thought at first that he had suffered a concussion of the brain but on examination Dr. Chandler could find no such indications, and said that he would come out all right if no complications set in. Mr. Desaulnier is resting more comfortably today. He is 77 years old.

K. OF P'S. OPEN
CONVENTION

State Bodies are Meeting in This City

REGIMENT IS IN CAMP

Constant Brooding Over His Misfortune Caused Him to Become Demented To-day—Went on Rampage.

Beginning today and continuing until Wednesday night the grand lodge of Vermont, knights of Pythias, the first regiment, Uniform Rank, and the grand temple of Pythian Sisters will be the guests of this city. It is expected that there will be a large number of the different bodies present during the week. The regiment is encamped in forty-five wall tents at the Granite City Trotting park. The tents, which were procured from the state arsenal, were set up Saturday afternoon and Sunday by the local company and a detail of men sent from six companies of the regiment that will be present. The Barre company went into camp Saturday night and the other six companies arrived today. Yesterday the camp was visited by a large number of people favorably on the neat and orderly appearance of the tents in which the officers and the men that were already present are occupying. The whole camp is nicely laid out and has the real military stamp about it.

Major General A. J. Stobbs of St. Paul, Minn., arrived on the 12:55 train yesterday afternoon and immediately went to the camp where he messed with the men at the big mess tent which is conducted by L. J. Meade. After inspecting the camp and conducting an officers' school this morning the major general left on the 12:30 train this afternoon for Halifax, Nova Scotia, to attend an encampment there of the Pythians of the American Province. The regimental officers are all present as follows: Colonel Chauncey M. Willey, Barre; Capt. Frank E. Robinson, adjutant, Barre; Capt. Frank W. Nichols, quartermaster, Barre; Major J. G. Hoyt, St. Albans; Lieut. Adjutant S. A. Nash, Montpelier; Ned J. Roberts, colonel, side-de-camp, Barre.

The seven companies which will make up the camp out of the thirteen companies in the regiment are, No. 1 of St. Johnsbury, No. 2 of Rutland, No. 4 of St. Albans, No. 5 of Burlington, No. 6 of Barre, No. 7 of Bellows Falls and No. 12 of Marshfield.

The company officers present are, 2d Lieut. H. W. Ellis of St. Johnsbury, 1st Lieut. R. E. Mitchell of Rutland, Capt. George F. Deane of St. Albans, Capt. Charles G. Kerton, 1st Lieut. William Mercer and 2d Lieut. Paul D. Leavett of Barre, 1st Lieut. P. H. Stewart and 2d Lieut. C. H. Nichols of Bellows Falls and Capt. E. C. Pitkin of Marshfield.

Owing to the rain, things are quiet about the camp today, though the boys have been scurrying about from tent to tent enjoying themselves in a social way, and many of those from out of town have braved the wet to look about the city. Twenty men from the Marshfield and St. Johnsbury companies arrived this noon and the rest of the companies will be in tonight.

This morning in the headquarters tent Major General Stobbs conducted an officers' school of instruction in tactics and gave them a talk on their duties in general. This evening the business meeting of the regiment will be held in the headquarters tent and there will also be an officers' school of instruction, following the meeting. At the bus-meeeting there will be the election of a lieutenant-colonel and three Majors. Capt. S. J. Somerville of the St. Johnsbury company was among those who arrived this noon.

Though the rain has made it uncomfortable for the boys to go out, the tents fully protected them from the wet and it has not delayed the work of the regiment to any extent as everything on the program for today could be accomplished under cover.
